# POWERTOTE

## PORTABLE OUTDOOR POWER STATION

The PowerTote comes with a main unit and two removable, portable battery trays. The main unit has 4x 120V AC outlets and 2x 120W car outlets. Top of unit has a built-in solar panel that provides continuous flow to the PowerTote. More charging capabilities are available through the 120V AC input and the car charging input. Each removable tray comes with 1 USB-C fast charging port and 2 USB-A ports.

The PowerTote is equipped with safe and secure 4G/wifi SPower data transmission to acquire and perform a multitude of controllable functions all through the PowerTote mobile app.
